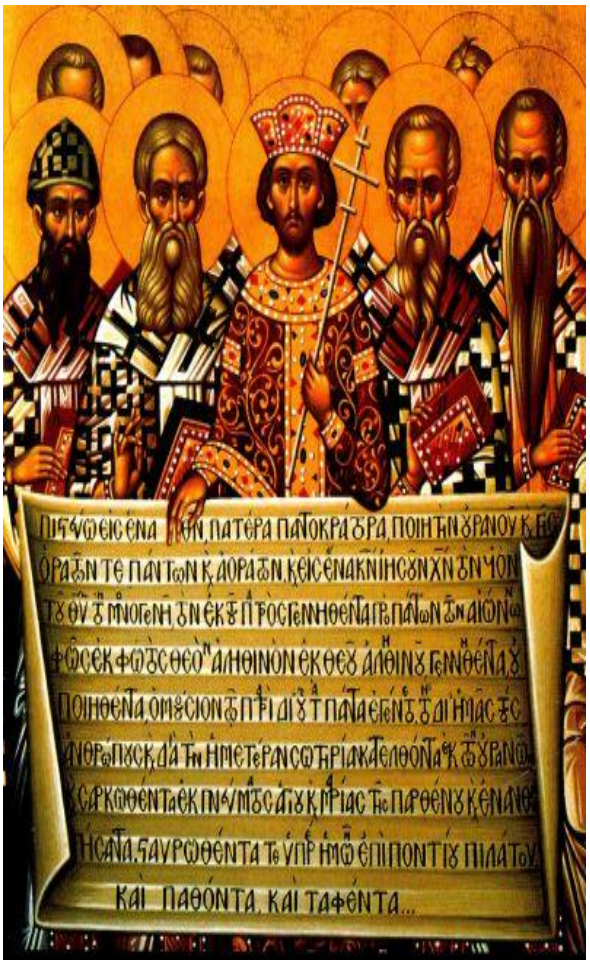
The disputed texts of early Church fathers: a guide to Christians



The church fathers' writings are corrupted. Consider this by the fact among most scholars they have generally agreed on whether church fathers writings are corrupted or not. We don't have the original writings of the church fathers. We will consider this with the fact that the manuscripts we have of their writings were later not around the time they were. This makes us suspicious of whether they're writings are actually accurate or not. The early Christian writings are not safe, They are written in their own specific way. Not written on what's based on historical evidence.
